ÖĞRENCİLERİN DİKKATİNE

1. Bu sınav kâğıdında **6 soru** bulunmaktadır ve sınav süresi **40 dakikadır.** Cevaplarınızı her sorunun altında bırakılan boşluğa, okunaklı bir şekilde yazınız.
2. Sınav 100 (yüz) tam puan üzerinden değerlendirilecektir. 1 ve 2. sorular 20 puan; 3, 4, 5 ve 6. sorular 15 puan değerindedir.

1 Öğrenme çıktısı: E11.1.R1 — **20 puan**

Read the short CV extract of Aylin.

> Aylin Kaya — Education: BA in Architecture. Experience: 4 years in urban planning studio. Skills: 3D CAD modeling, green building certification, teamwork.

State which industry Aylin belongs to and write two specific skills that make her valuable for eco-friendly city projects.

Cevap: Aylin belongs to the architecture / urban planning and construction industry.
Her valuable skills for eco-friendly projects are green building certification and 3D CAD modeling.

2 Öğrenme çıktısı: E11.3.R1 — **20 puan**

Read the sentence: ‘We didn’t use to rely on online maps; we would stop and ask local shopkeepers for directions whenever we got lost.’

Contrast how travelers found directions in the past compared to modern habits based on the sentence.

Cevap: In the past, travelers did not rely on digital maps; instead, they would regularly ask local shopkeepers for street directions when lost.

3 Öğrenme çıktısı: E11.3.R2 — **15 puan**

Read the short narrative.

> In a drought-stricken Anatolian village, young Leyla discovered an abandoned stone cistern buried beneath ancient olive trees. Working tirelessly with her siblings, she cleared the silt, and the underground reservoir filled with spring water, saving the community’s crops.

Analyze the plot by identifying the central problem (conflict) and the resolution.

Cevap: Central problem (conflict): A severe drought threatening the village’s crops and survival.
Resolution: Leyla and her siblings cleared the ancient underground stone cistern, which filled with spring water and saved the community.

4 Öğrenme çıktısı: E11.3.W1 — **15 puan**

Read the opening paragraph:

> Mina was preparing to present her environmental science project at the national competition when her laptop screen went black. Her backup drive was missing from her bag, and the judges were calling her name...

Write two to three sentences describing how Mina resolves this critical challenge.

Cevap: Sample completion: 'Taking a deep breath, Mina decided to rely on her memory and the physical poster boards she had drawn earlier. She spoke with confidence, explaining her research clearly and answering every question with precision. Impressed by her composure, the jury awarded her first place for impromptu presentation.'

5 Öğrenme çıktısı: E11.4.R1 — **15 puan**

Read the milestone events from the life of Scottish scientist Alexander Fleming:

A. He began his medical research career at St Mary's Hospital in London.
B. He was awarded the Nobel Prize in Medicine in 1945.
C. He was born in Ayrshire, Scotland, in 1881.
D. He noticed that penicillium mould destroyed staphylococci bacteria.

Arrange the letters in chronological sequence.

Cevap: Correct chronological sequence: C - A - D - B
Explanation: His birth in Scotland (C), medical career in London (A), accidental observation of penicillin (D), and receiving the Nobel Prize (B).

6 Öğrenme çıktısı: E11.5.W1 — **15 puan**

Reflect on your study habits before the last midterm examinations.

Write two distinct sentences expressing your personal regrets about exam preparation using 'I wish I had...' and 'If only I hadn't...'.

Cevap: Sample response 1: 'I wish I had started revising my vocabulary notes two weeks earlier instead of cramming the night before.'
Sample response 2: 'If only I hadn't spent so many hours scrolling through social media during my study breaks.'
