Tolga wrote a paragraph about his grandparents. There are three mistakes in the comparative forms. Find and correct them.

My grandparents are very different. My grandfather is more old than my grandmother. He is tall and slim, but my grandmother is shorter than him. She is more funny than him because she always makes jokes. My grandfather is calm, but he is gooder at chess than my grandmother.

Cevap: more old → older · more funny → funnier · gooder → better ("shorter than him" doğrudur.)
