E7.4.R1 · kavrama **(15 puan)**

Read the short text about wild animals in Africa: *Yesterday in the savannahs of Africa, a cheetah ran faster than a young deer and caught its prey. A tiger near the river also ate its prey because it was very hungry. Wild animals hunt only when they need food. People shouldn't hunt wild animals for their fur or horns because all wild animals are important for the balance of the nature.* Answer the questions with **because**.

a) Why did the tiger eat its prey near the river?

b) Why shouldn't people hunt wild animals for their fur or horns?

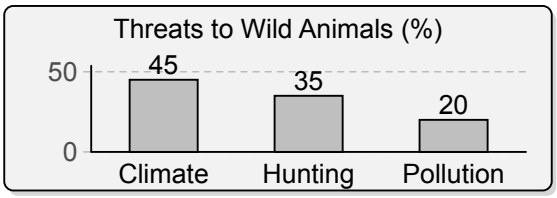

Cevap: a) Because it was very hungry.
b) Because all wild animals are important for the balance of the nature. (Puanlama: a 7 puan, b 8 puan.)
