CEVAP ANAHTARI **Kazanım E7.4.W1:** Students will be able to write pieces describing wildlife.

	2026-2027 EĞİTİM-ÖĞRETİM YILI **..... ORTAOKULU** **7. SINIF İNGİLİZCE DERSİ** **1. DÖNEM ÖĞRENME ÇIKTISI DEĞERLENDİRME SINAVI**	**PUAN**

Adı Soyadı:	**Sınıfı / No:**	**Tarih:**

Konu: Wild Animals

ÖĞRENCİLERİN DİKKATİNE

1. Bu sınav kâğıdında **6 soru** bulunmaktadır ve sınav süresi **40 dakikadır.** Cevaplarınızı her sorunun altında bırakılan boşluğa, okunaklı bir şekilde yazınız.
2. Sınav 100 (yüz) tam puan üzerinden değerlendirilecektir. 1, 2, 3, 4 ve 5. sorular 15 puan; 6. soru 25 puan değerindedir.

1. SORU

E7.4.W1 · hatırlama **(15 puan)**

Look at the animal fact sheet on the right. Write three descriptive sentences about the animals.

a) Describe the eagle's body parts and habitat.
b) Describe the rhino's class, body parts, and diet.
c) Describe the shark's habitat and body part.

ANIMAL FACT SHEET

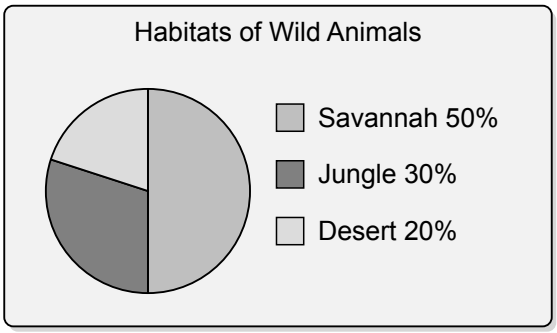

- Eagle: bird / wings & feathers
- Habitat: high mountains
- Rhino: mammal / two horns
- Diet: herbivore (grass & plants)
- Shark: sea animal / sharp fins

Cevap: a) An eagle is a bird with wings and feathers, and it lives on high mountains. · b) A rhino is a herbivore mammal with two horns, and it eats grass and plants.
c) A shark is a sea animal, and it has got sharp fins. (Puanlama: her doğru cümle 5 puan.)

2. SORU

E7.4.W1 · kavrama **(15 puan)**

Look at the pie chart of wild animal habitats in a wildlife reserve on the right. Write three sentences describing the chart and the animals living in those habitats (such as cheetahs, tigers, and lizards).

Cevap: Örnek: Half of the wild animals (50%) live in the savannahs of Africa, such as cheetahs and giraffes. Thirty percent (30%) of the animals live in jungles, such as tigers. Twenty percent (20%) of the animals live in deserts, such as lizards. (Puanlama: grafiğe uygun her doğru betimleme cümlesi 5 puan.)

3. SORU

E7.4.W1 · uygulama **(15 puan)**

Write three sentences with **should** or **shouldn't** to describe how we can protect wildlife and animal habitats. Use the cues below.

a) we / plant trees / and / save the habitat
b) people / cut down trees / or / make new farmlands
c) we / keep rivers clean / and / protect wildlife

Cevap: a) We should plant trees and save the habitat. · b) People shouldn't cut down trees or make new farmlands.
c) We should keep rivers clean and protect wildlife. (Puanlama: her doğru cümle 5 puan.)

4. SORU

E7.4.W1 · analiz

(15 puan)

Look at the African elephant profile on the right. A student wrote the paragraph below, but there are three factual mistakes. Find and correct them.

African elephants are small reptiles. They have got enormous ears and a long trunk. They are carnivores because they eat grass and leaves. People shouldn't hunt them for their ivory tusks.

AFRICAN ELEPHANT PROFILE

- Class: Largest land mammal
- Body: Enormous ears, long trunk
- Diet: Herbivore (grass & leaves)
- Threat: Hunted for ivory tusks
- Action: Protect their habitat!

Cevap: 1) small reptiles → the largest land mammals · 2) carnivores → herbivores (eat grass and leaves) · (3. cümledeki ivory tusks bilgisi doğrudur veya small → largest, reptiles → mammals, carnivores → herbivores olarak 3 düzeltme). (Puanlama: her doğru düzeltme 5 puan.)

5. SORU

E7.4.W1 · uygulama

(15 puan)

Use the cues below to write a three-sentence handout describing **cheetahs**.

- Class & appearance: mammal / wild cat / black spots on fur
- Habitat & ability: live in the savannahs of Africa / run very fast
- Diet: carnivore / catch and eat prey

Cevap: a) Cheetahs are mammals (wild cats) with black spots on their fur. · b) They live in the savannahs of Africa, and they can run very fast.

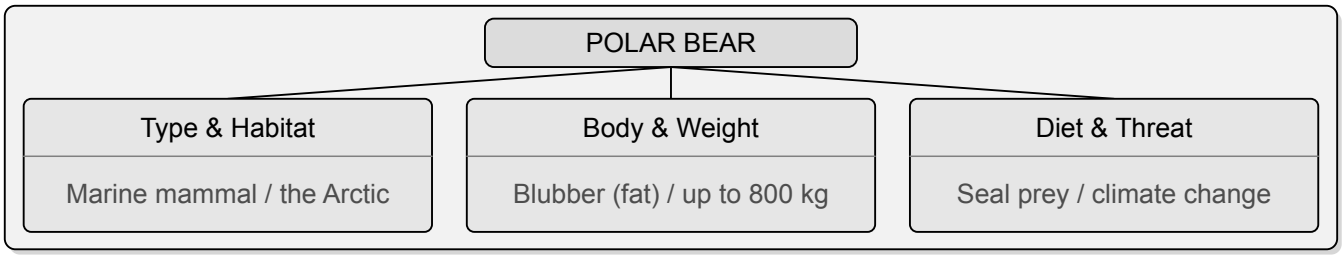

c) They are carnivores, so they catch and eat their prey. (Puanlama: her doğru cümle 5 puan.)

6. SORU

E7.4.W1 · yaratma

(25 puan)

Examine the concept map about **polar bears** below. Write a short wildlife paragraph (4–5 sentences) describing their characteristics, habitat, diet, and why they are in danger of extinction.

Cevap: Örnek: Polar bears are enormous marine mammals, and they live in the Arctic. They have got a thick layer of fat called blubber to stay warm, and male polar bears can weigh up to 800 kilograms. They are good swimmers and hunt seal prey. Today, they are in danger of extinction because of climate change, so we should protect their habitat.

(Puanlama: tür ve yaşam alanı 5, fiziksel özellikler 5, beslenme 5, tehdit ve koruma önerisi 5, dil bilgisi 5; toplam 25 puan.)
